

# SUSTAINABILITY MEETS POWER WITH THE EM27

## Sustainable Hospitality Solutions with ContactMate Events & the EM27

Sustainability meets efficiency in event ticketing. Finnish ContactMate Events, a family-owned business deeply committed to sustainability, has long been at the forefront of eco-friendly innovations for ticketing and events. As such, they use recycled and recyclable materials instead of using plastic for disposables such as badges. And now, their latest solution, featuring the Newland AIDC EMEA's OEM EM27 scan engine, demonstrates how eco-friendly materials and sharp design go hand in hand.
